Waterloo April 27.. 1864

Dear Sir

I addressed a letter to yours on the 24th of March
38 enclosing $50 for your own benefit & enclosed it in an
envelope directed to our mutual friend Francis Jackson
but as I have ~~heard~~ heard nothing from it although 5 full weeks
have passed I feel anxious to know whether you received
it, we have since recd a letter from Saml. May jr respecting
C C Burleigh's contemplated visit to Wisconsin, & in reply
I made this statement hoping by that means I should
hear something about it, the bills enclosed were two x x o
on the Bank of Albany & one x on the bank of Ithaca all in the
State of N Y. will you inform me at your earliest
convenience whether you have recd it.
I wrote to friend Burleigh encouraging him to come but have not
yet seen him, we hope he is on his way finding enough to do
& will be here shortly
my wife yet lives, a little more comfortable than she was in
the winter but remains quite out of health
Our people here seem quite friendly to having Mr. Burleigh come
the Nebraska iniquity & the Racine & Milwaukee slave
case have done much to wake up the people, some who have
appeard to care nothing what become of the slave now speak out
& say if the Nebraska bill passes they are ready for a dissolution
of the Union, we hope it is just the time for friend B. to come

Yours Nathan Heaton
